Herbicide Resistant Pigweed Field Day

Tuesday, July 22 – 5:00 pm

Emmaus Church Road – Wayne County

From Rones Chapel, travel 2.8 miles northeast on Highway 403. Cross Highway 55 onto Pineview Cemetery Road and travel 1.3 miles. Turn left onto Emmaus Church Road and travel 0.7 mile. Turn left onto Horsepen Lane. Dr. Alan York, NCSU Extension Weed Specialist, will discuss numerous soybean and cotton herbicide programs present at this location. Please call 919-731-1521, the Wayne County Extension Center, if you plan to attend.

North Carolina Tobacco Tour
Duplin County Stops
Wednesday, July 23

Warren Sloan Tomato Spotted Wilt Virus Test – 9:20 am
Gerald/Tom Bell Granville Wilt Variety/Fumigant Test – 10:34 am

The North Carolina Tobacco Tour highlights North Carolina State University extension/research program efforts. See these efforts firsthand! From Fountaintown, travel 0.4 mile south on Fountaintown Road. The Warren Sloan Test is present on the right. From Rones Chapel, travel 0.5 mile southwest on Highway 403. Turn left onto Norwood Ezzell Road and travel 1.5 miles. The Gerald/Tom Bell Test is present on the right.
COTTON INSECTS

Located near Albertson, the Duplin County blacklight trap is monitored by Justin Murphy. Please thank Justin for his efforts! Duplin County blacklight counts are posted at: duplin.ces.ncsu.edu/content/blacklight2008. Blacklight trap counts throughout North Carolina can be found at: ipm.ncsu.edu/cotton/insectcorner/. The NCSU Cotton Insect Pest Teletip phone number is 1-800-662-7301.

SOYBEAN RUST UPDATE

In 2008, Asiatic soybean rust has been confirmed in 1 Alabama county, 1 Georgia county, 13 Florida counties, 3 Louisiana parishes, 1 Mississippi county, and 3 Texas counties.

All soybean producing states have an Asiatic Soybean Rust reporting protocol in place and are using sbrusa.net/ as the official soybean rust reporting website.
